

## American Academy of Fixed Prosthodontics

March 25, 2024

Dear Exhibitor,

The American Academy of Fixed Prosthodontics cordially invites you to participate in the 74th annual meeting, held on **February 20 - 22, 2025**, at the Chicago Marriott Downtown Magnificent Mile hotel (540 North Michigan Avenue, Chicago, IL 60611. Tel: 877-303-0104). As always, the Academy has planned an outstanding program inviting world-renowned speakers who will address a wide variety of topics in Fixed Prosthodontics. The theme of this year's program is **"The World of Prosthodontics- An Interdisciplinary Journey."**

The Academy takes great pride in providing a scientific program of excellence from every aspect. Your company's contribution to the meeting's Exhibits program would further enrich its clinical and academic experience. The majority of our attendees are Prosthodontists and general dentists who are outstanding practitioners and leaders in the profession. All attendees recognize they can gain valuable information from the exhibits, which will guide them toward effective clinical practice. They take great interest in learning what is available in the marketplace to identify the materials and techniques that best fit their patients' needs.

The AAFP meeting is characterized by its strong attraction of today's active practitioners and fosters further growth in understanding the treatment of patients with fixed prosthodontic needs. In addition, for the past several years, half of the advanced prosthodontics program residents in the United States have been attending this meeting due to its high-quality programs. Such an environment is a rich opportunity for their exposure to the latest approaches in patient care during lectures and at the Exhibits. Further information about the scientific program, exhibitor information, and corporate sponsorship can be found at the Academy's website:
